Supporting Young Talent

2021-02-19

The aim of the project *Supporting Young Talent Project („Mecenas Dziecięcych Talentów”)* is to support gifted primary school pupils from Kraków, who for various reasons, including difficult financial or family circumstances, cannot fully develop their talents and passions.

Due to the constraints of the COVID-19 pandemic, the children participated in on-line classes to further develop their talents. The restrictions meant that the final Sponsor Gala was held this time without the participation of the children or their parents. Due to the pandemic, the annual meeting with Father Christmas was not held. Instead gift sets, including school supplies, toys and sweets, were distributed. Currently, 17 children are involved and the project is supported by 9 sponsors.
