Krakow - still in the game!

2012-08-16

Krakow is the most wonderful city in Poland and one of the twenty most beautiful cities in Europe. Our city made it to the second phase of the New7Wonders Cities competition, ahead of Lisbon, Monte Carlo and Vienna. In the first phase, the largest number of votes in Europe went to Naples, Paris and Rome. From among all the cities in Poland, only three made it to the second phase: Krakow, Warsaw and Katowice.

The rating shows that only Krakow has a chance to make it to the finals (28 cities), as its position is very strong. This is why not only the inhabitants of Krakow should now vote for their city, but all Internet users as well.

WHERE? You can vote directly on [the website](#) or on Krakow's [FB profile](#)

HOW? Select Krakow and 6 other international cities in the Europe tab, and follow the instructions. We would like to remind you that the Swiss New7Wonders foundation announced a voting competition for the most beautiful cities in the world. 28 cities will get to the finals and seven of them will be awarded the title of the most wonderful cities in the world.
