Young people from almost 200 countries came to Krakow for WYD 2016

2016-08-01

356 294 pilgrims from 187 countries registered for World Youth Day. It means that Krakow thrives with multicultural life at the moment as you can hear many different languages in every nook and corner of the city. You can say that Krakow is the center of the Universe these days!

“We came here to share our stories, sometimes difficult ones, with people from all over the world. We are glad to be here with you” we can hear from the pilgrims from Syria, Ukraine, South Korea, Argentina and South Africa.

The largest number arrived from Poland - 78 443 and Italy - 63 496. We are hosting already or expecting: 32 979 pilgrims from France, 30 592 from Spain, 23 563 from US, 11 653 from Germany, 9 777 from Brazil, 5 945 from Czechia, 5 666 from Slovakia, 5 454 from Portugal and 10 672 other organized in national groups.

But you should remember that it is an information based on the number of participants registered in the system provided by WYD Organizing Committee. Pilgrims arriving to Krakow may register on the spot in the Information-Registration Centers (IRC) as well, so presented data is not final.
