Letter of Gratitude

On behalf of the organizing team of the first educational initiative for the candidates for mayor's post in Ukraine "School of Mayors", we express our genuine appreciation to

MUNICIPALITY OF KRAKOW

for the time and efforts devoted to organization of the educational visit to Poland on 6th — 12th of September, 2015.

Your willingness to help us is a display of hearty support to the quality changes in Ukrainian society and the reforms it undergoes.

Thank you very much.
