Vienna Days in Krakow 3-5 April 2017

2017-04-20

Vienna Days in Krakow took place on 3-5 April 2017. First events were already available from the last weekend of March.

Vienna is much more than the Hofburg Palace, the House of Habsburg, the waltz, the Prater, the Vienna State Opera or Sachertorte. Austria's capital is a modern and innovative city which follows latest trends and sets out new criteria to further improve its citizens' quality of life. The Mercer Quality of Living Survey already eight times identified Vienna as the top city providing its citizens with the highest quality of living in the world. This friendly and modern city offers exceptional opportunities for economic development and is more than willing to share its vast experience with others.

Vienna has a special status for Krakow. For many years both cities have been closely cooperating on several levels. The upcoming Vienna Days in Krakow are a result of that cooperation, offering an interesting conference devoted to issues such as air quality, energy management, organisation of mass events and economy.

Programme of Vienna Days in Krakow

24 - 25 March multimedia tent

At daytime a multimedia tent in Plac Szczepański will take you to the most beautiful locations in the capital of Austria, using latest technology and Virtual Reality glasses. You can also take part in workshops organised by Österreich Institut Krakau. After dark visitors will be able to watch the "Vienna in 360°" show prepared especially for Vienna Days in Krakow.

3 April - opening concert by Parov Stelar Trio

The first day holds a surprise concert by electro swing band Parov Stelar Trio performing at ICE Krakow. Ticket information is available at www.eventim.pl

4 April - "Vienas" for Krakow

"Vienas" are characteristic comfortable outdoor lounging furniture which became a famous landmark of the MuseumsQuartier in Vienna. They are used by citizens of Vienna and tourists looking to relax in a busy city. On 4 April 2017 "Vienas" will be officially presented to the City of Krakow.

4 - 5 April "Innovative cities" conference

International Cultural Centre in the Market Square will host experts from Vienna and Krakow at a conference devoted to issues such as air quality, energy management, public transport, organisation
