

## Events in Kraków – June 2022

### Kraków Photomonth

26 May – 26 June 2022

Art Bunker at the Potocki Palace, Rynek Główny 20

For many years now, the Kraków Photomonth has been one of the most important photography events in Europe and one of the largest regular events dedicated to the visual arts in Poland. This year marks the 20th edition of the Photomonth.

A diverse agenda featuring exhibitions devoted to photography and other arts, enriched with meetings and other events, enables the viewers to experience a broad overview of contemporary photography and get immersed in the festival's main theme. Every year, the festival invites international guests, famous artists and curators, as well as newcomers to the world of art, who showcase their fresh perspective on photography. The 20th Kraków Photomonth brings a lot of questions, a lot of news and a number of returning artists. This edition also marks the 20th anniversary of the inception of the unique event. Over the course of two decades, we have asked many times if photography can change the world, and how. We believe it can change it for the better. Now, we take it a step further. Or maybe twenty.

## Kraków Artistic Meetings – Territories

26 May – 31 July 2022

Palace of Arts, Pl. Szczepański 4

The Kraków Artistic Meetings is a project that showcases the interdisciplinary and multimedia works of Kraków-based artists representing many generations. The exhibitions will feature graphics, sculpture, book art, paper art, photographs and prints.

The meetings always feature a headline motif proposed by the organisers. In 2017, it was *Configurations*. Two years later, it was *Dialogues*. Now we move on to *Territories*, which is the key theme of the 3rd edition of the project. 'The headline of the Meetings refers to broadly understood areas of human functioning – living and working spaces, as well as private space within the boundaries of externally or internally-imposed norms, conditions, and circumstances. The starting point for all of the works presented at the exhibitions is the global COVID-19 pandemic, which was officially confirmed in the spring of 2020, which changed the world, and our perceptions of freedom, independence, security and unexpected danger', Joanna Warchoń, president of the Association of Polish Artists and Designers – Kraków District.

## Enthronement of the Fowler King

4 June 2022

Market Square

The Fowler Brotherhood, also known as the Shooting Society, was established in the Middle Ages at the turn of the 13th and 14th centuries in order to train the townsfolk to defend and maintain the walls erected around Kraków.

One of the ways to test the skills of the members honing their weapon skills was a competition – shooting at a wooden rooster. Those who were the most accurate and managed to knock down the last bit of the wooden bird won the title of the Fowler King.

The Fowler Brotherhood exists in Kraków to this day and its traditions continue to live on – once a year, the Brotherhood chooses its king, and the ceremonial enthronement takes place in June. The Fowler Brothers dressed in żupans and kontusz coats modelled on the garments worn by the nobility in the 17th and 18th centuries, set out from their headquarters in Celestat and proceed to the Main Market Square, where on the stage in front of the Town Hall Tower the new King receives the insignia of power from his predecessor.

## Cracow Art Week KRAKERS 2022

10-17 June 2022

Cracow Art Week KRAKERS starts its second decade! The 10th anniversary edition, which took place last year, inspired the organisers to choose a headline that would highlight a new opening and a bold look to the future. Thus, the theme of this year's 11th edition is 'We are Many'.

This has been something that was a part of the Art Week since its first edition and as such, it is reflected in the event programme. It manifests itself in the idea of open access, inviting academic and experimental, conservative and progressive subjects, openness, and diversity, which serves as the foundation of the project. Since its inception, the event has inspired the contemporary art community to open up to a broader audience, to show a multiplicity of viewpoints, thoughts, ideas, concepts. Over time, KRAKERS has become the largest event of its kind in Poland, with the most diverse programme focusing on presenting the most current and valuable trends in Polish visual arts. By taking place in Kraków – a key cultural hub in Poland– the project will take over the city's diverse artistic scene for a week.

## KIERMASH | Summer in the Hall

+ Najedzeni Fest + Kraków ŁAŁ + Kogel Mogel

11-12 June 2022

KS Cracovia Centennial Hall, Focha 40, Kraków

KIERMASH is a unique event that brings together young artists with their customers in Kraków. Since similar events already exist in Warsaw, Łódź, Katowice and Berlin, it is hardly innovative on a global scale; however, it is the first of its kind in Małopolska. Before KIERMASH, there was no trade fair focused on fashion in Kraków. Get ready for a light, sunny and fashionable event. The participants will showcase their trendy products, created using quality materials and the best workmanship. The summer edition showcases Polish independent fashion and design brands – clothing, lingerie, jewellery, eyewear, bags, backpacks, design and everything else.

Izabela Chyłek and Mateusz Kaczan, the event's originators, put it simply: 'KIERMASH is all about original clothes, which often can only be bought only online, the best quality of fabrics and workmanship, and a fair trade market. There is no shortage of other attractions as well, including a catering zone with interesting local food.'

## 550 years of the Pauline Fathers at Skałka

### 550th anniversary of the erection of the Pauline Monastery on Skałka by the Bishop of Kraków Jan Rzeszowski

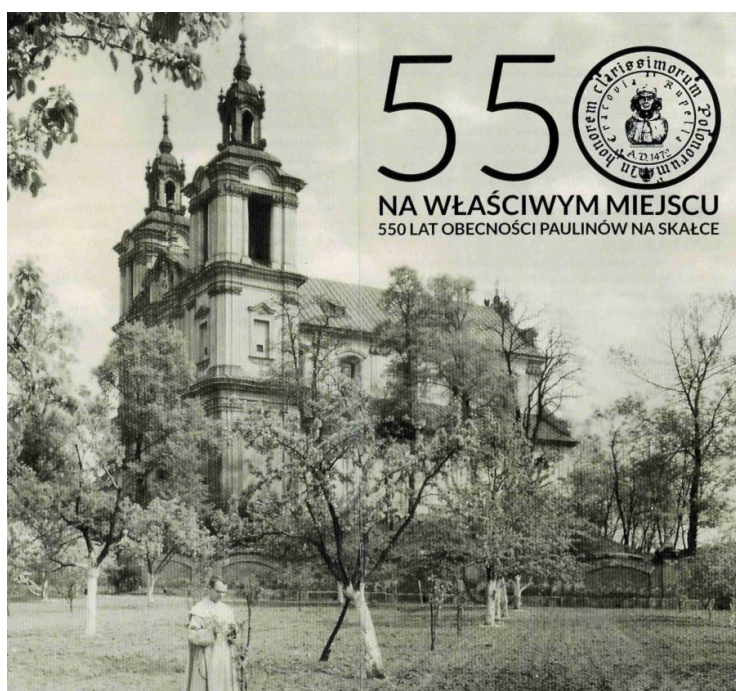

22 June 2022, 5:00 p.m.

Pauline Monastery, Skałeczna 15

The Pauline Fathers have been living on Skałka for five and a half centuries. They came to Kraków from the Jasna Góra Monastery with a specific task – to take care of the deteriorating Sanctuary of St Stanislaus in Kraków, dedicated to the martyr bishop, one of the patron saints of Christian Poland. Today, Skałka is an oasis of silence among the hustle and bustle of the city, where spirit meets history. The Pauline Fathers celebrate this special anniversary with an event organised in collaboration with the city and the voivodship – In the Right Place. 550 Years of the Pauline Fathers on Skałka.

‘This is a historical moment, as we are getting closer to the anniversary of the foundation by Jan Długosz, the royal canon. ... The anniversary events will include a series of celebrations, meetings, concerts and exhibitions organised by the Małopolska Voivodship and the City of Kraków,’ said Father Mariusz Tabulski, prior of the Skałka Monastery and the rector of the Pauline Theological Seminary, during the press conference on the anniversary on 28 April.

## The Lajkonik Parade

23 June 2022

Senatorska 1 – Main Market Square

The Lajkonik and his retinue have been going on a parade to the sound of Kraków's famous songs for many years. The parade assembles at the Historical Museum of the City of Kraków and starts at Senatorska 1, the headquarters of the Municipal Water and Sewage Company, heading towards the Main Market Square.

Along the way, the Lajkonik visits merchants in Na Stawach Square and collects petty cash as ransom. Then he pays a visit to the Norbertine Sisters to commemorate the legendary battle of the rafters with the Tatars near the monastery. Then the parade goes along Kościuszki and Zwierzyniecka Streets, where the Lajkonik visits stores, hits passers-by with his baton and collects ransom money. At the intersection by the Philharmonic, the Lajkonik performs a dance with his banner. The parade then turns into Franciszkańska and Grodzka Streets and heads closer to the main Market Square, where the Lajkonik, accompanied by the Mayor of Kraków, drinks a toast to the prosperity of the people of Kraków on the stage near the City Hall Tower. At the end, the Lajkonik performs a dance called urbem salutare – a salute to the city.

## The 31st JEWISH CULTURE FESTIVAL | WATER

24 June – 3 July 2022

The Jewish Culture Festival in Kraków is the largest showcase of contemporary culture of Jews around the world. It all started in 1988, when Janusz Makuch and Krzysztof Gierat decided to remind the public of the Jewish history of our country and the Jewish community's contribution to the development of its culture and society. It was a successful attempt to restore the memory of Polish Jews and to commemorate those who, members of a centuries-old Polish community, were either murdered during the Holocaust or forced to emigrate in the years following World War II.

Starting out as a small event, the Jewish Culture Festival has grown to become one of the most important cultural events in Kraków and in Poland, as well as one of the best-known events internationally and one of the strongest brands of the city. Each year, the ten-day festival offers nearly 300 events spread across the main and the accompanying programmes, bringing together some 30,000 people from around the world, who attend workshops, lectures, debates, tours, concerts and other events. In addition, 150 artists, teachers and instructors share their experiences and accomplishments in advancing Jewish culture. The festival focuses on authenticity and truth as its key values.
